TOUR ULM JEUNES 2024

2nd edition

TOUR ULM JEUNES 2024

The “Tour ULM Jeunes” is back in 2024 for a memorable edition! For its second edition, our emblematic event is getting a makeover, resolutely geared towards young people. The Tour ULM Jeunes is not simply an aerial adventure, it is a unique opportunity for young people to discover, learn and flourish in the fascinating world of ULM. The Tour ULM Jeunes is done by young people for young people. Join the future of light aviation!

YOUTH - THE FUTURE OF ULM

Because they represent the future of ULM and aeronautics, this 2024 edition will be dedicated to offering young pilots a unique experience. We believe in accessibility and diversity of opportunities, allowing every young person to flourish in the sky. With three different types of crew, we open the doors to aviation to both licensed pilots and students. It is an opportunity to build skills, discover territories and nourish the curiosity of young enthusiasts.

Possible crews:

- 2 young autonomous pilots
- 1 young student + 1 instructor
- 1 young pilot + 1 accompanying pilot

MEETINGS AND PROXIMITY - PILLAR OF DEVELOPMENT

The essence of the Tour ULM Jeunes lies in the proximity to the territories. We value volunteers, associations and flying clubs who represent the beating heart of the ULM community.

By promoting meetings with local stakeholders, we support the continued development of the practice. The Tour ULM Jeunes is a platform for exchanges, sharing experiences and learning.

“A young pilot in each machine”

WHAT IS AN ULTRALIGHT? - DEMYSTIFY LIGHT AVIATION

To discover the 6 classes:

The ULM, or Ultra Light Motorized, embodies the spirit of light aviation and is accessible to all. It is a category of aircraft that stands out for its freedom, simplicity of design and accessibility. Microlights encompass a variety of aircraft grouped into 6 classes; each offering a unique experience:

- Paragliders
- Flex Wings
- Fixed Wings
- Gyrocopter
- Balloons
- Helicopter

ULM is the freedom to fly with ease and explore the world in an intimate way. Our movement embodies a culture where community plays a central role. These are exciting meetings on the take-off areas, exchanges of stories and advice between pilots. The Tour ULM Jeunes celebrates this spirit by offering young people the chance to discover ULM in all its facets, thus creating a new generation of light aviation enthusiasts. Whether for the pleasure of flying, the discovery of new horizons or the camaraderie shared in the sky, the ULM embodies adventure accessible to all.

DID YOU KNOW ?

It is possible to become a microlight pilot at just 15 years old!

THE FLYING UNIVERSITY - ENRICH AND BUILD

The Tour ULM Jeunes is not limited to aviation, it is also an opportunity for continuous learning. Our traveling summer school offers workshops and meetings led by professionals from the aeronautical sector. During the previous edition, the crews were able to benefit from conferences from airline pilots, professional parachutists and even soldiers. This experience allows young people to continue their training journey while exploring new horizons. It is a complete immersion in the world of aviation, promoting the personal and professional progress of participants.

To discover the 2023 edition:

ECO-RESPONSIBILITY - ADAPT THE FORMAT FOR A SUSTAINABLE FUTURE

Aware of the growing importance of eco-responsibility, the 2024 edition has adapted its format to reduce its environmental impact. By limiting the number of participants and machines, rethinking logistics and adopting more responsible practices, we demonstrate our commitment to sustainable light aviation.

DIMENSION INTERNATIONALE - ACROSS BORDERS

The 2024 edition of Tour ULM Jeunes has an international dimension, broadening its horizons beyond national borders. The event will proudly welcome European crews, bringing together enthusiasts from Italy, Belgium and Germany. This cultural diversity enriches the experience, promoting cross-cultural exchange and strengthening bonds within the light aviation community. The sky has no borders!

Program: 6 stops, 7 days!

The heart of the 2024 Tour ULM Jeunes beats to the rhythm of its captivating program. From July 13 to 20, participants will fly through 6 stages over 7 days, discovering picturesque destinations. Each day offers a unique experience, from the departure at La Tour du Pin towards Beaune, until the final return from Gap to La Tour du Pin. An aerial journey that combines challenges and discoveries.

- Saturday 13/07: La Tour du Pin - Roanne Mably
- Sunday 14/07: Roanne Mably- Aubenas
- Monday 15/07: Aubenas - Villefranche-de-Rouergue
- Tuesday 16/07: Rest in Villefranche-de-Rouergue
- Wednesday 07/17: Villefranche-de-Rouergue - Pierrelatte
- Thursday 07/18: Pierrelatte - Gap
- Friday 07/19: Gap - La Tour du Pin

A sky where diversity flourishes

The 2024 edition is resolutely committed to equality, creating an environment where diversity thrives. Building on the inspiring experience of the first edition, where perfect parity between men and women was achieved, we are continuing our commitment to inclusion. The light aviation sky knows no gender barriers.

We are also actively working to enable the participation of crews with reduced mobility, demonstrating our commitment to an aeronautics that is inclusive and accessible to all.

The Tour ULM Jeunes 2024 is much more than an aerial event - it is an enriching adventure, a learning opportunity and a celebration of youth in light aviation. We invite you to join this unique experience, to become a partner in progress, discovery and commitment to a more sustainable aviation future. Together, let's write the exciting pages of this new aeronautical adventure!
